Capacity Building

I. INTRODUCTION:

The DSWD mandate and one of the major activities is to provide support services and technical assistance to its intermediaries and other stakeholders in the implementation of social welfare development programs and services. At the Regional level, the Capability Building and Institutional Development has also considered the different organizational competencies the department shall undertake.

The performances of an agency depend on its human resources. But on the other hand, the performances of the staff depend largely on the clear agency goals and objectives, motivation, job satisfaction that the agency provides. For DSWD, the goals are very clear which gives the staff also a clearly vision as to where the management is heading.

The following are the analysis of the different activities conducted for October to December ; the 4th quarter accomplishment is in consonance with the training plan developed for this calendar year as well as the Technical Assistance and Resource Augmentation Plan submitted by the stakeholders.

II. OBJECTIVES:

Generally, the Training Agenda is aimed to achieve the following:

- a. Establish a regular Capability Building and Institutional Development system that will continuously improve and strengthen competence of DSWD staff in the performance of their mandated functions.
- b. Establish a community of nurturing professionals working for the growth of its members in order to be a dynamic learning organization.
- c. Enhanced competencies of intermediaries and stakeholders in the implementation process of SWD programs and services to its local beneficiaries.

III. SUMMARY OF ACCOMPLISHMENTS:

For the quarter, a total of 37 capability building/training activities were conducted, with a total of 2000 participants coming from stakeholders such as LGU SWD Officers and staff, Project Beneficiaries as well as internal staff, all geared towards the objective of improving the skills and knowledge of these participants

MFO IV. Services Relative to Provision of Services to Community and Center based Clientele

Center-based Services

I. Introduction:

The fourth quarter of the year 2013 has been considered fruitful the fact that all centers in Zamboanga City which were affected by the crisis have returned to its normal operation. Continuous efforts have been exerted to ensure that all centers due for accreditation would meet its standard requirements in all areas.

With the adequate support being afforded by the top officials from the region, it becomes easy for everyone to continue to discharge their duties and functions. Hence, every worker who experienced difficulties during the crisis had managed to overcome the tensions and returned to normalcy.

III. Highlights of Activities:

- The children's Month was celebrated on the whole month of October 2013 through different activities:

- Hanging of streamer on October 7, 2013. The center head, social workers and other staffs together with the children converged for the hanging of the streamer to signal the start of the celebration. This was followed by a short program to heighten the awareness of the rights and protection of the children, and hopefully raise up a well-rounded Filipino child.

-2-

- Draw and Tell Contest- October 15, 2013 – This was held at the RSCC- Day Care Center where selected children participated in the said activity being guided and supervised by the child care worker. The children were instructed to draw anything related to the theme: “Kahirapan wakasan, karapatan ng bata ipaglaban”. The draw and tell contest aims to

give the child the opportunity to express his/her emotions, experiences and to build the child's trust and confidence of him/herself.

c. Play and Fun game activities – October 18, 2013

The activity was facilitated by the center's houseparent and Day Care Workers held at the playground. Sack Race, Trip to Jerusalem, Putok mo balloon mo and message relay were among the parlor games. All children from 3 years and above have participated in these activities. Simple prizes such as biscuits and candies were awarded to the winners and even to the non-winners. Snacks were served after the activity.

d. Thanksgiving Mass was offered for all the graces and blessings received by the children which was held in the center on October 23, 2013. The Mass was officiated by Msgr. Arnold dela Serna, whose homily was focused on the children. The Regional office Choir sung during the mass with some regional staffs present.

e. Culminating Activity- October 30, 2013- to mark the closing of the children's month celebration, the culminating day activity commenced with the feeding of the children. This activity was given emphasis in as much as it greatly contributes to the growth and development of the children All staffs, houseparents, child care workers made it a point to help in feeding the children that would serve as the very important thing that we need to do to assure protection of the children's rights.

In the afternoon , the children performed an interpretative dance number " I am but a small voice" and the celebration ended with a Hataw (Zumba) participated by all RSCC staffs, houseparents and child care workers and some big children.

- The center Head attended the FDCI Meeting last November 2, 2013- It was a very fruitful meeting which was held in the center with almost all the Board of Directors were present and other members., The meeting became a venue for sharing of experiences by the majority of the board members, who were involved during the crisis. They had the opportunity to relate the fears, tensions and stresses which they have undergone which later turned out to be self-fulfillment and eventually blessings to others. Later on, plan for the mass baptism of the children had been discussed of which they decided to hold it on December 7, 2013. Other concerns were also tackled to at least make sure that the things that they failed to achieve would be considered for the next year target .
- Conducted regular meetings with the child care workers, houseparents, security guards and staffs which is a must to sustain effective and efficient delivery of services..

-3-

- Mass Baptism and Paggunting was held on December 7, 2013 . This is a yearly activity which is being sponsored by FDCI. There were seven (7) children baptized in the catholic faith while three (3) on islam ceremony.
- A simple Christmas Party had taken place on December 23 and 27, 2013 . The children's party was held on December 23 and for the staff was on the 27th day of December 2013. Everybody enjoyed the said party especially the children which was done in a form of socialization with simple foods served due to limited
- The Center head attended a 4 day training on Enhancing capacities in Mental Health and Psychosocial Support (MHPSS) in emergencies and disasters sponsored by the World Health Organization (WHO), a very timely and effective training since evacuees in Talon-Talon elem. School have become the beneficiaries of stress debriefing.

- Facilitated the reunification of children temporarily admitted in the center . So far, they enjoyed staying in the center being a Christmas season with many people coming to visit and provide their needs.

B. Analysis of Data:

A total of sixty (60) cases have been served for the quarter, forty eight (48) are old cases with twenty eight (28) males and twenty (20) females and twelve (12) cases are new, eight (8) males and four (4) females.

Of the total cases served, twenty seven (27) were discharged to families and relatives, 18 of whom are old cases and 9 are new. So far, about 85% of these cases belong to the category of dependent, who just stayed for a while because of some problems in the family and 7% are abandoned. Two of these cases of abandonment were resolved as they were reunited with their families and relatives through an intensive efforts exerted to locate their families in coordination with the different government and non government organizations.

One child was placed out for local adoption, whose adoptive parents from Cagayan Valley had really come to the center to facilitate the transfer of the child to their custody. Despite the distance of the adoptive parents to the RSCC -Zamboanga, the adoptive parents were very happy and grateful that finally they have their child, whom they have been hoping and longing to be together

One special child named Mohamad Undog had passed away after being hospitalized three times at the Zamboanga City Medical Center. Child was abandoned in Jolo and was referred by the finder. A written report as regards to the circumstance of his death was submitted to the region for on ward submission to the PSB, Manila.

Being Christmas season, the center had received donation in terms of material resources in the amount of TWO HUNDRED FIFTY EIGHT THOUSAND FIVE HUNDRED ELEVEN PESOS AND 15/100 (Php. 258,511.15)

for the needs of the children in admission which is much bigger than the previous quarters.

C. Plans for the Succeeding Quarter;

- ✓ To conduct regular case review and case conference on all cases in admission to ensure its movements and eventually be able to provide the timely intervention to the children in need of attention and care. (intensification of Case Management)
- ✓ To maintain the RSCC premises and ground to provide a pleasant atmosphere conducive for play of the children.

-5-

- ✓ To repair and paint the area when there is a need to do such in preparation for the accreditation

ANALYSIS OF DATA:

For the fourth quarter, the center have a physical target of Fifty Two (52) cases but were able to serve Fifty Four (54) clients. This is about 104% as against the total target.

-9-

We have served Nine (9) new cases this quarter, of this Nine (9) cases, Six (6) Or 67% are abandoned cases while others are 11%. We can say these are abandoned ones because family & relatives doesn't care to look for these cases however, we have done our effort to inform them of their whereabouts, there are some who came & claimed their grandmother or mother while others are still in the center. We look forward to release them to their respective families next month.

As to our discharged cases, we have twelve (12) cases. Of these twelve (12) cases, seven (7) or 58% were re-united to their respective families, the five (5) or 42% passed away. One (1) is due to cardio pulmonary arrest with underlying cause which is internal displacement another case was due to cardio pulmonary arrest with underlying cause, Chronic Obstructive Pulmonary Disease, cardio pulmonary arrest with antecedent cause of severe pneumonia, cardio pulmonary arrest with antecedent cause of severe pneumonia and due to cerebrovascular disease. Of these five cadavers, one (1) was taken by the family while the four (4) cases were attended by the center for the burial. We have a remaining of Forty Two (42) cases in the center.

FINANCIAL ASPECTS:

For the 4th quarter, the FO had allocated the center amounting to P 583, 553.00, however there was already a reminder that the center total outstanding balance remaining up to December 31, 2013 is P 337, 888.49 where they asked the center to prioritize our expenses. However, in view of the increasing amount of the basic commodities, we have to request for budget augmentation of P 232, 791.72 of which the region also approved. As of todate, December 27, 2013, our total expenditures is P 571, 476.55.

As to our resource generation for this period, we have received a total monetized amount of Sixty Eight Thousand Seven Hundred Nineteen Pesos & 65/100 (P68, 719.65) of which we have already utilized forty percent (40%) especially the foods.

1V . Balay Dangpanan Para sa Kabataan

- For the month of October, 2013. In line with the celebration of National Children's Month with the theme: "Kahirapan Wakasan, Karapatan ng Bata Ipaglaban!" the center staff prepared and conducted set of activities to children with the objectives to feel really the essence of the month's celebration, empower children their individual rights and role as a child and to give a very unwinding venue for the children to at least relieve stress and disturbed emotions due to the incidents happened to them where they can enjoy so much through plays and games. The activity was realized alst October 29-31, 2013. Hon. Judge Deborah Garcia Nazario, MTC Judge of Polanco, Z.N was invited as Guest Speaker of the said celebration wherein she discussed or gave lecture to children about the month's theme celebration, their individual rights and role as a child in a family and in her community as well.
- The communication program of the celebration was conducted at Royal Farm Resort wherein children enjoyed so much swimming in the pool, watched the nice views, ate prepared delicious food and received prizes and awards (winners to the games (Ball Games & Ethnic Games), contests (clean-up drive, Art works, Song/Yell writing & presentation & Fabric Painting) and parlor games participated by the children). Vitamins taking like Ferrous Sulfate & Vitamin C and height and weight taking were also done.

- With the initiative of the center Case Managers of BDSK, First Aid training to children/residents and Staff was also realized on October 30, 2013. Philippine Red Cross, Zamboanga del Norte Chapter headed by Mr. Jonathan Angana – ERU

-11-

- Coordinator was invited & discussed/lecture the following topics as well as conducted actual demonstration on the same.
 - What is First Aid?
 - Importance/Objectives of First Aid
 - Characteristics of First Aid
 - Hindrances in giving First Aid
 - Transmissions of Diseases

-10-

- Basic Precautions & Practices
- Types of First Aid
- Emergency Action Principles
- First Aid Management

Children and center staff were every attentive and participative on the said training. They are very happy especially the center staff for accordingly they are already aware and knowledgeable enough in giving First Aid in case of emergency.

- Halloween Party was also celebrated last November 1, 2013. Children on this day joyfully participated the Ms. Halloween contest wherein everybody was wearing a Halloween costume/attire. Minor who wore the best costume was declared as Ms. Halloween.

Essence of Christmas really felt by the children on this day for they were able to received gifts from DSWD and from different concern individuals, NGO,s & GO's. Caroling Contest, Dance Contest (Christmas Song), and different kinds of Parlor Games were joyfully participated by the children/residents.
- In relation with the Family Reunion celebrated by BDSK, OPIC City Social Welfare & Development Officer of Dapitan City, Z.N was invited as Guest Speaker and discussed/emphasized about "Family". Parents and children during this time were also quiet emotional especially when a certain resident in the person of Mariel Licaros gave her message to the parents and to the children.
- Regular monitoring and supervision to children.
- Monthly dental and medical/physical examination was realized in this quarter to monitor health status of minors.
- Monthly mass celebration also done as spiritual enrichment activity to children.

-12-

- Skills Training on Food Processing, Bracelet making, baking and Pastry Production, Manicure and Pedicure were also realized on this quarter wherein most of the children earned through the trainings.
- For those children/residents with positive Family and Community Assessment Report submitted by the LGU SW in charge as basis for their out-on-pass during Christmas and New Year Season together with their families were granted. This program of the center was the most awaited and desired program of the children every December where they can spend Christmas and New Year with their respective families.

V .Regional Rehabilitation Center for Youth

Highlights of Activities:

- A poster making contest on July 16, 2013 and a cooking Demonstration were some of the activities during the Nutrition Month celebration which was participated by the CICL . All activities had relation to the theme: Gutom at Malnutrisyon, sama-sama nating wakasan”.
- Another significant activity that took place in the center was the conduct of film showing and lecture relative to the observance of the National Disability Prevention and Rehabilitation . the lecture was conducted by Jauhanna Losada which relates to the theme: Building an inclusive Non-handicapped Environment for Persons with Disabilities which all took place on July 29, 2013.
- On the later of August and throughout the Month of September, seven (7) CICLs had undergone special skills training on Landscaping with the supervision of the Head Landscaper, Bro. Ralph Celicious. Aside from the learning skills gained, the participants received incentives while on training. Likewise, on the same period, some thirteen (13) minors have also received training along masonry so as to develop their skills and prepare them for the eventual job placement.
- The psychological services section spearheaded the expressive Art therapy . this was actively undertaken by the minors where they can better express their feelings and thought through art. The minors were given coloring materials and set of questions that they can answer in the form of art .

- Another regular activity being undertaken in the center is the parents group meeting where mostly of the parents have tried their best to respond to the call despite the distance of the place to the center. The theme for this quarter PGM: Love, Respect, communication, commitment and responsibility which was discussed by a speaker in the person of Mrs. Jovencia D. Orilla, a Nutrition Officer II, District 3 , CSWDO, dip[olog city. The Municipal Mayor , Mr. Roberto “Pinpin” Uy was also present during the meeting who gave an inspiration message to the minors and their respective parents.
- The Family Day celebration was observed on September 19, 2013 where fun games were introduced to both the minors and their parents. It was effective since they shared their time and joy together.

Facilitating Factors:

- Improvement in the physical setting of RRCY has brought new ambiance and at the same time motivated the other staff to perform better.
- Positive response of the LGUs while cases of minors are on trial.
-

Plans for the next quarter:

- Repair and repainting of building 1 & 2 for the 2nd level accreditation of RRCy
- Preparation for the Family Reunion.

Community-Based Services

I. INTRODUCTION:

The community based social workers have continued to face the challenges of complementing the resources of the LGUs to ensure the protection and welfare of the vulnerable and needy sectors of the society especially women, children, persons with disabilities and the senior citizens. Internal convergence is a demand driven strategy to keep the implementation of DSWD.

The man-made disaster that happened in Zamboanga City during the third quarter of 2013, was an unforgettable event to all the Zamboanguenos where the struggle continues during the 4th quarter and probably it will take almost two years to bring back better the affected areas and the families. In less than a month another natural disaster happened in Bohol which resulted to great loss of properties and displacement of people and the worst situation also took place with the Super typhoon Yolanda that walloped the central visayas on November 8, triggering giant tsunami-like waves that swallowed entire communities in Tacloban and other places in Samar and Leyte. The three major disasters brought devastation and dwindling of resources of government and waning peoples' lives. Bringing back people to its normal state will mean billion of funds to government though the outpouring of many international and local assistance have helped addressed the enormous problem to the affected families and areas.

The Department has played significant role in consideration that it leads the five (5) clusters of the eight (8) clusters in so far as cluster approach in disaster management is concerned. The staff under the three (3) major programs and the community based swere mobilized to ensure that the department's mandate and responsibilities are being carried out as expected.

Salient Accomplishments:

- Community based staff were utilized to provide services to hostage survivors in Zamboanga City
- Regular activities were carried out generally in other areas outside of Zamboanga City such as the Adoption and Foster Care Forum, consultation dialogues to concerned personalities and organizations.
- The temporary restraining order of the Supreme Court on the implementation of projects using the PDAF from the congressional office was halted paving way for the workers from Zamboanga del Sur and Norte to perform important tasks along social protection.
- Community based workers were mobilized to assist in retrieval of documents for liquidation particularly for SF program and provide technical assistance in implementation of programs for deportees and trafficked victims as well as social pension for senior citizens.
- Workers have attended the training on Psycho Social Processing to be able to respond effectively during disaster and in crisis situation and Training for Reintegration of Deportees and in distress OFWs.
- DSWD has provided technical assistance to the social worker in the management of CICL (child soldiers) who were apprehended during the siege. Of the five, only one was charged for rebellion. The four(4) were released to the families upon receipt of the Parental Assessment from the concerned LGU workers. All the four came from Sulu Province while the other one is from Lamitan, Basilan Province. Three of them claimed to be in Zamboanga City upon invitation of relatives but were caught during the crossfire as they have been staying in the affected areas. They were mobilized as errand boys by the MNLF.
- Despite of the misfortune, the celebration of the Children's Month was done through the Draw and Tell Contest among the different evacuation centers.
- The DSWD and UNICEF were instrumental in returning the women victims of abuse and domestic violence to their Center as the LGU was so apprehensive to return them as the major facilities of the building was affected but later assessed that it can still be repaired. The victims to include street children were mixed up in the CICL facility as the Women Center and the Social Development Center of the LGU were located in the conflict areas. Seemingly, the environment was no longer conducive for the clients to stay longer and given the clearance from the military to return hence the push for the homecoming as the city is not determined of looking for another place as it demand for additional expenses on the part of the LGU.
- The Child Protection Working Group (CPWG) and Gender-Based Violence Sub-Cluster (GBVSC) have been activated as Areas of Responsibility of the Protection Cluster to assist in responding to the protection needs of the affected population especially the women and children who have been displaced by the clash of the Moro National Liberation Front (MNLF) and the Armed Forces of the Philippines (AFP) on September 9, 2013. The CPWG and the GBVSC are led by the Department of Social Welfare and Development, and co-led by UNICEF, for Child Protection (CP), and UNFPA, for Gender-Based Violence, in order to coordinate all humanitarian child protection and GBV actors to ensure efficiency and effectiveness in the response. With its effort it resulted to the apprehension of a pimp and provided capital assistance to women and men in prostitution.
- The disaster has brought many learning insights to the DSWD FO staff and still thankful to the Management especially the Honorable Secretary for her support and conviction. The initiative of spending Christmas with the staff

and in a way to provide therapy through laughter yoga of Paolo Trinidad was so momentous and gratifying to the staff.

- Hostages were provided with financial assistance in the amount of P5,000 and student hostages who are in their college level were given P10,000.00 and P5,000 for the secondary and primary education.

- Rescuing trafficked victims have continued by the task force in fact when the normal operation took place a month after the incident in Zamboanga City referral from Bongao MIACAT to provide assistance to TIP was immediately attended. It is a known fact that the aftermath of the disaster many women and children will be enticed to work abroad with
- There were some victims from Yolanda who were assisted by the SWADT and CIU staff.
- The observance of the Day against Trafficking last December 12 was done in coordination with the Task Force against Trafficking through motorcade and dance exercise.
- Issuance of travel clearance was fewer during the 4th quarter though the traditional of spending of vacation abroad during Christmas break is pursued among the rich and middle class families.
- Continued with the licensing of Pantawid families as foster families in order to avail benefits under Philhealth in as much as the children in their custody are not their biological children but are either nephews, nieces or grandchildren.

Issues and Concerns	Comments and Recommendation
Some barangay treasurers are not familiar with the documents necessary for liquidation as prescribed by the municipal treasurer	Need to conduct orientation through clustering of municipalities to fast track liquidation especially along SF.
Provision of new computer to the SWADT	There are computers which were repaired meantime will be shared to the SWADT To recommend provision of new computers to SWADT and CIU for 2014

EXECUTIVE REPORT KALAHI CIDSS REGION IX 4th Quarter CY 2013

I. INTRODUCTION

YEAR 2013 ended with a big bang. Perhaps, what may be considered as the biggest and most significant accomplishment of KALAHI-CIDSS FO IX was the conduct of both KC-PAMANA and Non-KC PAMANA Regional Stakeholders' Forum cum Peace Festival last December 19-20, 2013, where more than a hundred stakeholders were gathered together to share stories, generate lessons and discuss challenges for building resilient communities. Likewise, the showcasing of local talents from among children and youth participants from conflict affected areas. These showcasing of talents among children and youth were avenues in promoting peace building through culture and arts.

The last quarter of 2013 also saw the completion of the capability building activities planned in line with the KC- LeadGov implementation. Bridging Leadership Workshops were conducted for the Municipal LGUs and Barangay LGU leaders of the municipalities of Tungawan and Siayan.

As regards the Community Empowerment Activity Cycle (CEAC), the period saw municipalities undertaking current cycle KC-PAMANA entering the sub-project implementation stage. At the same time, completion of remaining works for a very few road projects under Additional Financing was done.

II. SUMMARY OF MAJOR ACCOMPLISHMENTS

A. CEAC Highlights

The period was practically characterized with CEAC implementation being irregular. This is attributed to the fact that unlike in previous periods, project implementation in Random and Guaranteed municipalities was stuck to completing remaining SPI works, and could not proceed to next cycle CEAC activities.

For PAMANA areas, however, there was semblance of continuity of project activities because of the current Pamana Project Cycle activities.

The following are the highlights of CEAC activities in the last quarter of 2013:

Leon Postigo: MT/Cycle 3 implementation

Of the 13 sub-projects under MakamasangTugon/Cycle 3, there were 4 sub-projects completed as of December 2013. Three of the completed projects have been inaugurated. However, 5 sub-projects had not been started owing to the delay in approval of Requests for Fund Release. The status of the 13 sub-projects as of November 30, 2013 is reflected in the following table:

Barangay	Sub-Project Name	Phy.Accom.	Status
Delosum	Const. of Day Care Center	100.00%	Completed
Morob	Const. of 1 Unit 1CL Elementary School Building	71.32%	On going
Titik	Const. of Brgy. Health Station	95.02%	On going
Sta. Maria	Const. of Day Care Center	0.00%	Delivery of aggregates on going
Tinaplan	Const. of Concrete Pavement/Solar Dryer	0.00%	Delivery of aggregates on going
Midatag	Const. of Brgy. Health Station	0.00%	RFR is returned
Sipakong	Const. of 1 Unit 2 CL Elementary School Bldg.	0.00%	Delivery of aggregates on going
Tinguiban	Const. of Day Care Center	100.00%	Completed
Tinuyop	Const. of 1 Unit 2 CL Elementary School Bldg.	14.72%	On going
Palandok	Const. of 1 Unit 2 CL High School Building	100.00%	Completed
Tiogan	Const. of 1 Unit 1 CL Pre-school Building	100.00%	Completed
Mawal	Vermi-Culture with Economic Component	0.00%	1st tranche not yet downloaded,
Mangop	Bamboo Craft Training with Economic Component	25.63%	Procurement is still on-going. To complete by December 2013.

9 MT Municipalities

There are still 3 municipalities out of 9 engaged in MakamasangTugon that had not completed sub-project implementation. In the municipality of Dumingag, the sub-project in barangay Sunop is still on the process for completion. The

construction activity has resumed and the SP is expected to complete on or before December 28, 2013. Similarly, in the municipality of Mabuhay, the remaining 1 sub-project is close to completion. However, the slow movement in implementation is due to delayed delivery of materials. Meanwhile, the municipality of Gutalac has 2 sub-projects that are still on-going. The chart below shows the Physical Accomplishment of unfinished sub-projects in 3 Municipalities.

MUNICIPALITY	BARANGAY	SUB-PROJECT NAME	PHY. ACCOM.
Mabuhay	San Roque	Construction Of Water System Level 2 (pump-driven)	95.00%
Dumingag	Sunop	Concreting of Foot Path	90.00%
Gutalac	Sibalic	Construction of barangay road	90.00%
Gutalac	Sas	Improvement of barangay road	65.00%

12 New Regular KC Municipalities (Random and Guaranteed)

Project close-out activities continued to be undertaken in the 12 Random and Guaranteed Municipalities. Apart from this, completion of the very few remaining sub-projects, mostly road projects, continued during the period.

A total of 15 sub-projects were added to the list of completed sub-projects during the period. This brought to 130 the total number of finished sub-projects out of the grand total of 144 sub-projects implemented in all of the 12 municipalities.

By the end of the last quarter of 2013, the status of sub-project implementation in the 12 afore-stated municipalities was as follows:

MUNICIPALITY	TOTAL # OF SP's	# of SP's COMPLETED (during the 4th Quarter)	TOTAL # of COMPLETED SP's	# of ON-GOING SP's
Baliguian	7	1	6	1
Naga	13	2	12	1
Salug	8	1	6	2
Ipil	19	0	18	1
Kumalarang	11	2	8	3
Kabasalan	19	2	17	2
Josefina	8	6	6	2
Tukuran	10	1	10	0

Dumaliniao	16	0	16	0
Malangas	13	0	12	1
Tabina	6	0	5	1
TOTAL	144	15	130	14

As Regards Operation and Maintenance, the period was devoted to ensuring sustainability of projects through strengthening operation and maintenance groups. Across municipalities, O&M arrangements continued to be consolidated and strengthened. Income-Generating sub-projects had their proponent organizations undergoing Organization Development and Management workshops. For instance, in the municipality of Dumalinao, 2 community-based organizations – The Rebocon BAWASA and the Kalingayan Corn Mill Association – underwent planning for sustainability. Similar activities were also done in Tukuran and Tabina.

KC-PAMANA Implementation

The biggest accomplishment in the implementation of KC-PAMANA was the conduct of the Regional Stakeholders Forum cum Peace Festival on December 19, 2013. The forum, which gathered together more than a hundred stakeholders from all municipalities implementing KC-PAMANA, was designed to provide space for sharing of experiences on and drawing lessons from 3 years of implementing Community-Driven Development peace initiatives through the PAMANA project.

Specifically, the activity had the following objectives:

1. To conduct small-group and break-out discussions on the following areas:
 - a. Engaging Community Volunteers in community peace initiatives
 - b. Building localized arrangements for security and peace-building, and
 - c. Bringing stakeholders closer to one another through PAMANA.
2. To conduct plenary discussion on best practices, lessons learned and recommendations to sustain gains and address gaps
3. To present measures for institutionalization to LGUs and for advocacy to Civil Society Organizations and other stakeholders

The activity generated a total of 20 stories of unique and good practices/arrangements in areas stated above. Story/case study presenters included 2 MSWDOs, 1 Mayor, 2 Barangay Captains, 1 Kagawad, 1 school teacher, 1 Area Coordinator, 1 Engineer, 1 Community Facilitator and 10 Community Volunteers.

The following were the stories:

Participating in the forum were Municipal Mayors, Vice Mayors, some members of the Sanggunian, the Municipal Inter-Agency Committees, KC-PAMANA workers and community volunteers from different municipalities.

The forum was conducted back-to-back with a Peace Festival which gathered together children and youth from conflict-affected areas in Zamboanga Peninsula and which provided opportunities for PAMANA municipalities to showcase local talents along Rendition of Peace to Mindanao (chorale singing competition), Dance for Peace (Neo Ethnic Dance competition), Poster for Peace in Mindanao (Poster Making) and A speech for peace (oratorical competition).

KC-AusAid Implementation

Under the 1st batch of sub-projects, there were 8 municipalities with 39 SPs which were now completed and under 2nd batch, there were 11 municipalities with 43 SPs. Of these, more or less 90% of these SPI were completed while 10% are on-going and are in different stages (these include municipalities of Lapuyan, Siayan, Katipunan and Malangas). Procurement and finance as well as development of operation and maintenance plan were facilitated by the RPMO as requested by the project recipients because majority of their community volunteers are new that needed to be oriented and trained.

Last November 6-7, 2013, the RPMO has facilitated a two-day KC-AusAid Fiduciary Review was conducted. The activity led to the identification of implementation issues, and to the crafting of plans to address them.

There was a total of 82 SPs facilitated and assisted by the RPMO. There remained 45 unfunded RFRs, of which 23 were still with RPMO while 22 RFRs were with NPMO. These RFRs may be funded once the 15million dollar additional grant is approved.

Bottom-up Budgeting (BUB) Implementation

All municipalities have submitted Requests for Fund Release for BUB projects proposed for 2013 implementation. For projects with 1st tranche already released, procurement activities have been completed.

The table below shows the distribution of BUB projects with funding release as of December 2013:

Municipality	Barangay	Name of Sub-Project	Amount Deposited
San Pablo	Kalilangan	Construction Of Day Care Center	580,000.00

B. LEaDGOV Implementation

Two Capability-Building Activities were conducted under the KC-LeadGOV Project within the last quarter of 2013. These were the Bridging Leadership Workshops for MLGU Officials and Heads of Office and for Barangay Captains from the towns of Siayan and Tungawan.

The objectives of the workshops were as follows:

- Deepening understanding of the role of local governments in poverty reduction;
- Defining areas, processes, and mechanism for ensuring institutionalization of CDD in the local government processes and systems

At the end of the workshop, the participants must be able to:

- Reviewed both personal and institutional roles of LGUs (leaders and staff) in reducing poverty and inequity;
- Developed personal and professional vision, missions, and commitments to address poverty and inequity;
- Explored different strategies for operationalizing their visions, missions and commitments in implementing CDD;
- Identified the major follow-through activities and drafted action plans to implement these activities in their respective municipalities;

The following table shows details:

NAME OF ACTIVITY	DATE	PLACE	PARTICIPANTS
Bridging Leadership Workshop for MLGUs	October 16-18, 2013	Liloy, Zamboanga del Norte	MIAC members, SB members
Bridging Leadership Workshop for Barangay Captains	December 16-18, 2013	Lilopy, Zamboanga del Norte	Barangay Captains

As a result of the workshops, the Local Chief Executive of Siayan had requested the RPMO to expand the coverage of the participants of the workshop to include practically all employees of the LGU. Specifically, the Mayor was requesting the training team to conduct a similar workshop in Siayan, with costs charged against the LGU.

C. Capability-Building Activities

Aside from the Bridging Leadership workshops under the KC-LeadGov, the training activities done during the period also included Organizational Development and Management for organizations handling income-generating projects.

Also during the period, the KC RPMO was tasked to conduct the trainings for Community Volunteers of non-KC PAMANA areas. The training activities, which were all held in Zamboanga City, and covered 5 municipalities.

The following were the training activities done during the 4th quarter:

NAME OF TRAINING	DATE	RESOURCE PERSONS	PARTICIPANTS
Bridging Leadership Workshop for MLGUs	October 16-18, 2013	RCDS, PDO III	MIAC members, SB members
Bridging Leadership Workshop for Barangay Captains	December 16-18, 2013	RCDS, PDO III	Barangay Captains

Procurement and Finance Training for PAMANA Teams	December 5-7, 2013	RCIS, RIA, FA-III	MMs, FAs, DACs
Community Volunteers Trainings	Dec. 2-4, 2013 (Kabasalan)	RCDS, RPC, RTO, CDA	Community Volunteers and MCT members
	Dec. 5-7, 2013 (Margosatubig and Olutanga)		
	Dec. 9-11, 2013 (Titay)		
	Dec. 12-14, 2013 (Siocon)		

D. Sustainability Evaluation Test (SET)

On November 18-23, Sustainability Evaluation Tests were simultaneously conducted in 10 municipalities under KC-Additional Financing, and covered a total of 84 sub-projects (which was way above the set sample of around 55 sub-projects). Prior to the roll-out of the SET, a 1-day team-building activity and coaching was conducted by the RCDS where the filling-up the forms, procedures in doing SET and plans for field roll-out were discussed.

The standard procedure in doing the SET at the municipal level included the following: MIAC meeting to organize the Municipal SET Inspectorate Team (MSIT), actual conduct of the SET, consolidation of SET results and exit conference and planning to address gaps and issues.

Results of the evaluation tests are presented as follows:

The following table shows the summarized results:

TOTAL SUB-PROJECTS EVALUATED	EXCELLENT	VERY SATISFACTORY	SATISFACTORY	FAIR	POOR
84	3	48	26	3	4

Among those that obtained fair and poor ratings were road projects where maintenance would require utilization of heavy equipment and where the LGU grappled with limitation of access to such equipment. What was more disturbing is the finding that a few Health Stations also rated badly, as a result of poor utilization and weak operation arrangements.

Data Quality Assessment

For this quarter, the Monitoring and Evaluation Team continued to improve MS Access Databases in 13 active Municipalities under AF. This was carried out through area visitation and TA delivery to ensure correctness of data in the M&E system. As a result of this, minimal errors were found and there was big difference in data quality as compared to the previous quarter.

Geo-Tagging of sub-projects

In order for the RPMO staff to be well capacitated in the effective utilization and maintenance of the technologies, the Regional M&E officers conducted an orientation on Geo-tagging in all engineers to capacitate them in performing geo-tagging activities.

The three M&E officers together with the two staffs from engineering unit of Kalahi-CIDSS were grouped separately to conduct Geotagging alongside other KC activities such as Data Quality Assessment, SPI monitoring and provision of technical assistance. Last October 21-26, 2013, Mr. Rodolfo I. Nillosguin, Jr. from M&E unit, and Engr. Chona A. Padilla comprised the first group to conduct the said activities in the municipalities of Kumalarang, Kabasalan and Ipil whereas, Mr. Joewel Serrador, M&E II, led the second group in the municipalities of Tigbao, Tabina and Tukuran. On the following week, October 28 – November 1, 2013, the said activities were continued by the third group composing Franceen-Angeli A. Duterte, M&E II and Engr. Chona Gorda in the municipalities of Josefina and Dumalinao. On the other hand, Mr. Rodolfo I. Nillosguin and Mr. Leo Lo, from engineering unit, went to the municipalities of Malangas and Naga.

Key Performance Indicators

For 2013, a total of 349 sub-projects implemented and monitored in 25 municipalities with a total Grant released of P436,390,098.51 and P117,794,653.28 Local Counterpart Contribution delivered as of December 27, 2013. All in all, from 2003-2013, there are 1,104 sub-projects covered by Kalahi-CIDSS.

A total of 42,331 Household served and benefitted from 349 sub-projects implemented for the year 2013.

A total of 17,373 recorded community volunteers (CVs) were identified and mobilized based on the 2013 database. Most of these volunteers are female with 9,762 CV or 56% and 7,611 are male covering 44% of the total community volunteers.

A total of 16,968 volunteers were trained in different KC activities such as Criteria setting workshop, Project Development Workshop, Participatory Situational Analysis, Procurement and Finance Training, Accountability reporting, Operation & Maintenance, and other Barangay and Municipal training. Most of these trained volunteers are female with 10,331 or 61% while male are 6,633 or 39%.

III. CONCLUSION

KALAHI-CIDSS FO9 had a few remarkable accomplishments in the last quarter of 2013. Gathering different stakeholders in a sharing of PAMANA implementation experiences was a “dream-come-true.” The challenge at hand now is how to ensure that the activity is regularized and sustained. There is also a need for follow through activities to make sure that challenges and gaps noted during the stakeholders’ forum are addressed.

Amidst the victories were a few disappointments. That a few sub-projects under MT-AF and Regular-AF remained unfinished continued to be a source of distress. Another one is the fact that the project is ending by year-end and there remains no clear instruction as regards continuity of project activities and staff services.

The next steps for the Field Office will focus on the implementation of sub-projects under current PAMANA cycle and strengthening sustainability mechanisms for completed sub-projects. But mobilizing local support from LGUs will be crucial in these undertakings.

Other priorities for the next quarters will be dependent on the bankrolling of the National CDD Program (NCDDP).

Sustainable Livelihood

I- INTRODUCTION

The Sustainable Livelihood Program is aimed at improving the socio-economic capacity of the poor to enhance access to basic social services and improve standards of living. The program is implemented through the Community Driven Enterprise Development Approach. The 2nd quarter of project implementation was focused on improving the delivery of services and attuning program courses following the revised Field Operations Manual. With the new developments in the SLP implementation following the creation of RPMO in the 1st quarter of the calendar year and towards several activities undertaken prioritizing set 1 areas, SLP-Field Office IX had been able to maximize efforts to the delivery of services. I. Introduction :

The fourth quarter of 2013 was focused on the preparation for the conduct of Program Implementation Review and said activity was realized last November 18-21, 2013. This was conducted jointly with other special projects like the Supplementary Feeding Program, KALAH, Pantawid and others. The participants were the Municipal/Provincial and City Auditors, P/C/MSWDOs, the OSCA Heads, the SF Focal Persons and selected Regional Staffs.

The Region also downloaded augmentation funds for monitoring expenses in the amount of Php 114,000.00 to remaining 53-municipalities and Zamboanga City. These remaining areas were the 2nd batch since their liquidations were submitted only this 4th Quarter of 2013.

The RSP staffs witnessed the giving of stipend to social pensioner during payout in the different provinces of the region with the assigned disbursing officers of the LGUs who found it joyful and fulfilled since the recipients are deserving elderlies. As usual the RSP staff reminded the elderlies the purpose of the assistance which is mainly for meeting their basic and other medical needs.

On the other hand, the Regional Staff conducted an Advocacy Training on RA-9994 which was held at Bamboo Garden, Dipolog City on December 11, 2013. The activity was highlighted with new updates shared by the resource speaker, Atty. Germaine Trittle P. Leonin, Head of National Coordinating Monitoring Board. Likewise, they were invited in a series of Advocacy Activities conducted by the LGU, Zamboanga City, to act as resource speaker on November 29, 2013 and December 3-5, 2013. The activity was fruitful since the participants were also updated on the program and plan action for 2014 had been undertaken.

Physical Accomplishment – As of 4th Quarter 2013, Isabela City was granted an additional slot of 110-beneficiaries through the NPMO Funds in the amount of Php 165,000.00. As of December 2013, all the Regional Social Pension Staff received a memo indicating all the balances of the Region must be re-aligned into Grants. Region IX submitted to NPMO for the approval of re-alignment of Php 240,000.00 for the two priority areas of which Zamboanga City for 110 Beneficiaries amounting to Php 165,000.00 and Municipality of Mabuhay, ZSP for 50 beneficiaries in the amount of Php 75,000.00.
